

Poor little fellow! He coughs so hard he cannot sleep. That makes him weak and sickly all the next day. His brother thinks this coughing is terrible. So do we, for we know that just a few doses of

**Ayer's Cherry Pectoral** will stop the cough. For sixty years it has been the standard remedy with men, women, and children for colds, coughs, and all throat and lung diseases. It contains no narcotic or poison of any kind. Be sure that you get Ayer's Cherry Pectoral. Accept no cheap and worthless substitute.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.

**Have You Any Flowers?**

Then perhaps you would like some terra cotta flower pots and saucers. We've got a fine stock of terra cotta ware including chimneys of both plain and ornamental design. Also sewer water pipes, etc.

**LEWERS & COOKE**  
LIMITED  
117 SOUTH KING STREET.

**68 HOURS**  
To Chicago

From San Francisco, The Fastest transcontinental train.

**Overland Limited**

Electric lighted, Buffet, Library and Drawing room compartment, observation car, with diner. Telegraphic news posted on train.

**Southern Pacific**

DIAMONDS HAVE CHARMS.

Diamond Ring and other precious stones becomes a necessity—a part of the attire of the smartly dressed women. We have just received a new assortment of Ladies' Rings and other precious stones.

J. A. R. VIEIRA & CO.  
115 Hotel Street.

PRATT ANSWERS.

An answer was filed yesterday by Land Commissioner J. W. Pratt, to the writ of mandamus brought by F. Luciwko to force the commissioner to approve the form of a receipt for \$1,500 which the legislature authorized should be paid Luciwko for damages caused by the Territory taking some of his land at Moiliili for road purposes.

It is claimed in the answer that Luciwko had no legal claim against the Territory and that the act of the legislature is making the appropriation was a gift, and a gift under such conditions is unconstitutional. Furthermore it is alleged that the duties of the land commissioner are prescribed by the Organic Act and the legislature has not right to relegate duties to him.

# SPORTS

## LOTS OF AUTOS IN THE CONTEST

BETWEEN TWENTY AND THIRTY WILL MAKE THE COMPETITIVE RUN TO HALEIWA.

Through a misunderstanding announcement was recently made that the reliability contest of automobiles which has been arranged for under the auspices of the local automobile club, was to be held next Sunday. This is not the case, the date from the first having been set for Saturday, July 13th.

The club is much pleased with the outlook for the contest, and it is expected that there will be between twenty and thirty machines entered. The test will not have to do with speed and is open to any size or kind of car, and the points to be considered will be stops for any cause whatever, repairs, fuel consumption, etc.

The run will be to Haleiwa and back and therefore is not one that will be at all difficult or wearisome. The club has issued a set of rules which are being distributed to the owners who contemplate entering their machines.

### POLO THIS AFTERNOON.

A game of polo is being played this afternoon at the Moanalua grounds between the teams of the Oahu Polo Club, the lineup being the same as for the Fourth of July game, which was one of the most closely matched games played this season.

The interest in polo is very keen in Honolulu and as usual there is a good crowd of society folks on hand to enjoy the sport.

In the Fourth of July game the actual score was 3 to 3, but the blues were fined 1-14 points for fouling.

### CRICKET TEAM SELECTED.

The team which will represent the Honolulu Cricket Club in the game to be played with the team from the British cable ship Restorer on next Saturday will consist of the following players:

J. R. M. Maclean, captain; C. P. Morse, S. Beardmore, J. H. Fiddes, R. A. Jordan, J. L. Cockburn, W. T. Greig, W. Brown, S. Cape, J. V. Stevenson.

## KAUAI SINLESS AS ORIGINAL EDEN

GRAND JURY FOUND SO BUT KAUAI'S NEWSPAPER DOES NOT BELIEVE IT.

LIHUE, July 8.—The Garden Isle

The Grand Jury of the July term met, looked into the matters presented to them and reported to the judge within an hour after receiving the instructions. This seems to indicate a truly hostile state of affairs here on Kauai and ought to be specially gratifying to the hypocritical denomination, made up of a number of our beloved compatriots. There are others, however, who have a sneaking suspicion that all is not so brilliantly moral here on the Garden Isle. It is whispered that the Edmunds Act is a dead letter here. There is probably some truth in this, as it will be remembered that three officials canvassed the district for this class of law-breakers some time ago and incidentally made a little money out of it. With this circumstance as a foundation both the Grand Jury and the County Attorney might have been able to stir up something of interest.

Then there is the pet evil of Hawaii, the gambling houses. According to report they are at the old stand again doing a flourishing business, especially in the districts farthest away from Lihue. The inquisitorial body might have been able to follow this trail successfully if it had been given a tangible starting point. But it seems as this topic has been strictly avoided.

The Grand Jury blames the County Attorney because it isn't given anything to do, and this official probably answers back, why go ahead and do it. Gentlemen, I won't stop you.

And the farce goes on.

### BAND CONCERT.

A public concert will be given by the Hawaiian Band at Aala Park, at 7:30 this evening, when the following program will be played:

PART I.  
March, "Count Bauer".....Krat  
Overture, "Golden Wand".....Laurendeau  
Gavotte, "Old Tapestry".....Bogetti

Selection, "Fantasia".....Hubbell  
Waltz, "El Paso".....Andrew  
Finale, "Up to Date".....Lutz  
"The Star Spangled Banner."

Fine Job Printing, Star Office.

## JAPANESE NOW BASEBALL CRANKS

CROWDS OF TWENTY AND THIRTY THOUSAND WATCH GAMES IN NIPPON.

TOKIO, June 15.—Baseball has captured another country—Japan. They like it so much over there that some of the colleges have given the game what American colleges handed to football when it began to take attention from professors and fasten it on players.

Fred Merrifield, former Chicago University captain, is now coaching Waseda College, Japan, whose nine visited California last year. In a circular letter that Merrifield is sending out to American colleges, his team planning a more extensive tour this year—he says:

"Baseball is in a rampage. Every corner lot and street has its group of smart boys, and pitchers are springing up everywhere, with odd attempts at the foreign swing.

"Waseda is in the lead again this year. The final game with Kelo University was called off by the authorities of the latter because the students became too much excited over the rooting. Formerly they had mildly clapped their hands."

"This year thousands crowded the stands and grounds and sang Japanese songs and gave English yells. From 20,000 to 30,000 students pack into the grounds nowadays to see a ball game."

### TRAP SHOOTING TODAY.

The Hawaiian Gun Club will hold its regular weekly shoot at the Kakaako traps this afternoon. The club has some of the best shots in the Territory and they have already proved that they can do as effective work in the field as they can at the traps. With the opening of the dove season the Sunday shoots have been discontinued in favor of field shooting. Last Sunday fourteen members were out, and the lowest record of birds for any of them was twenty.

D. L. Withington.

The game will be played at the Makiki grounds and will begin at 2:30 o'clock. The selection of the local team is a good one and should make it interesting for the visitors.

## TOO MANY KAHUNAS ON GARDEN ISLE

GRAND JURY SAYS THAT SOMETHING SHOULD BE DONE BUT IT HAS NO EVIDENCE.

LIHUE, July 8.—Judge Hardy opened the July term of the Fifth Circuit Court last Wednesday with an able address to the Grand Jury, going somewhat more into details than he generally does.

The inquisitive body of our judicial system went into session but returned within an hour and presented the following report which speaks for itself: "To the Honorable Jacob Hardy, Circuit Judge, Presiding.

"We the undersigned, grand jurors duly sworn to serve at the Fifth Term of the Circuit Court of the Fifth Circuit, beg to report to Your Honor that we have found no true bills in the two cases submitted to us by the prosecuting attorney.

"One of the cases being a charge against a woman for practicing medicine without a license, we believe that a great deal of this illegal practice is being carried on in this island but in the case before us the evidence has been too weak to enable us to find a true bill. We would recommend that something be done to check this kahunas and we hope the prosecution will endeavor to collect better evidence against such kahunas in the future.

"The grand jury beg to submit to His Honor their high appreciation of the noble address rendered to them on the eve of our national holiday."

Judge Hardy then excused the grand jury, but did not dismiss it as things might crop up during the session of the trial jury which might call for an investigation.

### PENNY FOR YOUR THOUGHTS.

You cannot have your mind on your business and your suffering at the same time. Your business or pleasure may claim all your thoughts if you take Dr. Miles' Anti-Pain Pills, which almost instantly relieve every form of pain and misery in head or stomach. One penny a dose. One dose usually cures.

25 doses, 25 cents. Never sold in bulk.

### WANTS DIVORCE.

Louisa Keola has brought suit for divorce against George Keola on the grounds of failure to provide.

Fine Job Printing, Star Office.

## CAME TO TOWN BY THE PALI ROAD

CONGRESSMEN RETURN FROM HALEIWA WELL PLEASED WITH TOUR OF THE ISLAND.

The Congressional party arrived home yesterday afternoon by way of the Pali, after a very pleasant two day's trip around the island. All the members of the party were greatly impressed with the trip and with what they saw.

This morning the men of the party were shown through the Honolulu Iron Works by Alexander Young and T. Clive Davies, and the big plant explained. The members were much interested in the process of the manufacture of sugar mill machinery, which is one of the most important branches of the business of the company.

This afternoon the party is to go to Moanalua to see the practice polo game to be played by the teams of the Oahu Polo Club.

Tomorrow the distinguished visitors will be shown Pearl Harbor, and its magnificent possibilities as a naval base. The Government tug Iroquois will take the men of the party and a limited number of other people, while the ladies will go down on the train and join the others on the Peninsula where luncheon will be served by F. W. Macfarlane. Owing to the limited capacity of the Iroquois invitations were issued to those who it was thought would be most closely associated with the improvements. The tug will leave the naval wharf promptly at 9 o'clock.

The committee in charge of the entertainment has announced that the public reception which was to have been held on Thursday evening at the Moana Hotel has been cut out.

## SAYS THE SUNSPOTS CAUSE NO PILIKIA

AMERICAN ASTRONOMER TELLS PEOPLE OF EARTH NOT TO BE AFRAID OF SOLAR TROUBLES.

PITTSBURGH, June 16.—John A. Brashear, the astronomer of Allegheny, made a number of observations today of the solar storms or sun spots which were discovered by Prof. George H. Peters, of the United States Naval Observatory at Washington. Mr. Brashear declares that the people on the earth need not feel any alarm over the existence of the sun spots, as there is no danger of earthly disturbances resulting from them. They will soon pass away, but while they remain they will be of great interest to astronomers.

Today was a perfect day of observing them. In stating the results he said:

"The spots are much smaller than those observed by me last February, but they are very beautiful and interesting. This afternoon I could see great bridges of flame on the larger spot.

"The position of the spot is such that they will have no magnetic influence on the earth. Electrical solar disturbances always project in straight lines. These spots are so low that any projections would hardly affect us. The spots have passed the sun's meridian about two days and should be discernable for at least three days more."

Professor Brashear stated that the spots are so large that they can be observed through smoked glasses without the aid of any astronomical instruments. The size of the present group

of spots, Professor Brashear says, is about 82,000 miles long and 30,000 miles wide. The spots observed by him last February measured 130,000 miles in length.

### IN TAX APPEAL COURT.

The Tax Appeal Court heard yesterday the appeals of the Campbell estate for an allowance for money used in repairing the St. James Hotel property in San Jose, in consequence of the earthquake, and the appeal of the First National Bank which claims to be exempt from taxation under the national banking law.

### SAVILS BIG MONEY.

The militia will be saved about \$800 on the trip of the rifle team to the next national shoot in Ohio. This saving is made possible through the granting of reduced rates by railroad companies that have been aided by the United States Government.

Loan sharks are anxious to meet people who want to borrow trouble.

### BACKACHE AND DESPONDENCY

Are both symptoms of organic derangement, and nature's warning to women of a trouble which will sooner or later declare itself.

How often do we hear women say, "It seems as though my back would break." Yet they continue to drag along and suffer with aches in the small of the back, pain low down in the side, dragging sensations, nervousness and no ambition.

They do not realize that the back is the main-spring of woman's organism and quickly indicates by aching a diseased condition of the feminine organs or kidneys, and that aches and pains will continue until the cause is removed.

### Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs has been for many years the most successful remedy in such cases. No other medicine has such a record of cures of feminine ills.

Miss Lena Nagel, of 117 Morgan St., Buffalo, N. Y., writes:—"I was completely worn out and on the verge of nervous prostration. My back ached all the time. I had dreadful periods of pain, was subject to fits of crying and extreme nervousness, and was always weak and tired. Lydia E. Pinkham's Vegetable Compound completely cured me."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Falling and Displacements, and all Organic Diseases. Dissolves and expels Tumors at an early stage. It strengthens and tones the Stomach, Cures Headache and Indigestion and invigorates the whole feminine system.

### Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. Her advice is free.

MISS LENA NAGEL
